

Eyelets

METAL EYELETS

Metal two part eyelets available in four sizes and up to twelve finishes. All of these are based on 0.5mm brass (except the stainless steel) and are both rustproof and safe to use with flame retardant fabrics.

Please note you will require our press machine and the appropriate tool sets (see page 111) to fit metal eyelets.

TIP: All curtains should contain an even number of eyelets for best effect.

Sizes available:

25mm (Max Pole Diameter 20mm)

40mm (Max Pole Diameter 32mm)

50mm (Max Pole Diameter 40mm)

66mm (Max Pole Diameter 50mm)

3 SNAP FIX EYELET HOLE CUTTERS

A simple hole punch available in two sizes designed to suit our plastic snap-fix eyelets. Just place your curtain heading over the locating pin fixed in the base of the tool, place the cutter over the top and hit with a medium weight hammer. Please note we always recommend using a soft faced mallet to prolong the life of these tools. Individual replacement parts available.

24mm EYELET HOLE CUTTER
