

Swish®

A periodic table of elements is centered on a white surface, surrounded by several different styles of metal door knobs. The knobs include a brushed metal ball knob, a brass ball knob, a spiral metal knob, and a diamond-shaped metal knob. The periodic table shows elements from Hydrogen (H) to Oganesson (Og), with their symbols, atomic numbers, and names.

Elements

Introducing Elements a comprehensive collection of metal curtain poles to complement any window display.

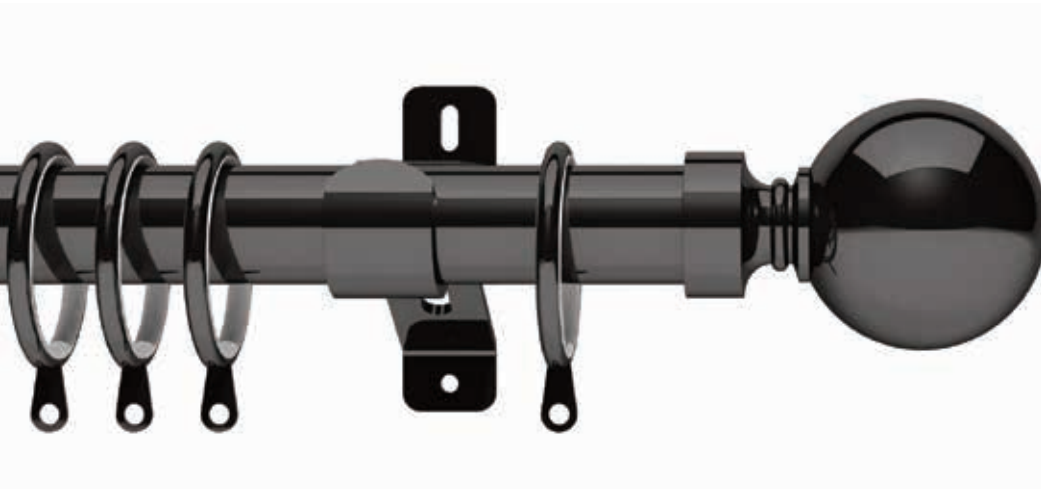

Elements features 19mm, extendable 25-28mm, 28mm and 35mm poles sets complete with our best-selling finial designs. The finials available in each diameter have been specially selected to complement the size of curtain pole and all poles are available in a choice of 4 finishes - Graphite, Satin Steel, Antique Brass and Chrome.

All of the Elements pole kits come complete with fixed eyelet lined rings and a new stronger extendable bracket design. The 28mm and 35mm brackets are compatible with the Swish Design Studio range.

A 28mm bay pole kit is also available in our Belgravia design along with rings, joiners and holdback accessory packs. In addition we will also offer end, top fix, recess and passing brackets.
